

Streamline

Durable, stainless steel dispenser for accurate, automatic dilutions

Streamline dispensers in stainless steel cabinets are the industry's preferred equipment for dispensing a wide variety of automatically diluted solutions into spray bottles, buckets, auto scrubbers or other containers at the touch of a button.

Solutions dispensed through the Streamline Series are automatically diluted to the proportion called for by the concentrate manufacturer.

- Better chemical performance—consistent correct dilution
- Time and labor savings—solutions are prepared accurately with reduced preparation time
- Improved employee safety—eliminates splashing, spilling, and back strain
- Eliminates manual mixing, ensuring optimal performance of diluted solution
- 2, 3, and 4 button models offered for many applications
- Durable stainless steel cabinet
- Expandable and customized installation available
- Environmentally friendly
